## **Martin Bouchard assumes the role of Chief Executive Officer of Vantage Towers AG**

**Düsseldorf, 4 May 2026** – Martin Bouchard assumed the position of Chairman of the Management Board and Chief Executive Officer (“CEO”) of Vantage Towers AG (“Vantage Towers”) on 1 May 2026. He succeeds Nicolas Mahler, who had led the company on an interim basis from 1 September 2025 to 30 April 2026 alongside his role as Chief Financial Officer (“CFO”) of Vantage Towers.

**Michael Bird, Chairman of the Supervisory Board of Vantage Towers:** “I am delighted to have Martin Bouchard, a proven expert in the tower and telecommunications industry, join Vantage Towers. With his long track record of success, I believe he is exactly the right manager to lead Vantage Towers through this growth phase. On behalf of the whole board, I would like to take this opportunity to express our sincere thanks to Nicolas Mahler, who was successfully managing the company as interim CEO.”

**Martin Bouchard, CEO of Vantage Towers:** “I am very pleased to take on the role of CEO of Vantage Towers. We are very well positioned to benefit from the continuously growing demand for digital infrastructure in Europe. Together with the team, I aim to continue the company’s successful path and provide new momentum for further growth. Our market is undergoing an exciting yet challenging transformation, which is giving rise to attractive new opportunities. We intend to seize these opportunities decisively.”

Martin Bouchard brings more than 25 years of experience in the telecommunications industry. Prior to joining Vantage Towers, he served as CEO of ATC Germany Holdings GmbH. Before that, he held senior management positions at DFMG Deutsche Funkturm GmbH and Deutsche Telekom.

### **About Vantage Towers**

Vantage Towers is a leading tower company in Europe with about 88,000 sites in ten countries, connecting people, businesses and devices in cities and rural areas. The company was founded in 2020 and is headquartered in Düsseldorf.

Vantage Towers’ portfolio includes towers, masts, rooftop sites, distributed antenna systems (DAS) and small cells. By building, operating and leasing this infrastructure to MNOs or other network providers such as IoT companies or utilities, Vantage Towers is making a significant contribution to a better-connected Europe.

While already 100% of the grid electricity that Vantage Towers uses to operate its infrastructure is obtained from renewable energy sources, green energy generation is piloted directly on site with the help of solar panels and micro wind turbines, and also hydrogen solutions are under testing. This fits well into the overall strategy of the company to drive a sustainable
